

WHAT TO KNOW FOOD DRIVE

Michigan Club members ROCK! We filled four baskets of paper products and non-perishable food items. There is one more chance to stock the shelves of the food pantry at Island Church. On Thursday, February 19, carts will again be at the entrance of the activity center. Lisa, a representative from the church, said the need is greatest for non-perishable food items; they have plenty of paper products. Please, if you are able, let's fill four more grocery carts with shelf stable foods.
